Delphi Corp. Case # 05-44481 filed October 5, 2005  
Document # 14705 to cancel OPEB (health insurance benefits) for all retirees

Honorable Judge Drain:

This letter is to express my **Objection** as a Delphi Retiree with the February 4, 2009 filing of Document # 14705 by Delphi Corporation requesting the court to cancel health and life insurance benefits (OPEB) for all Delphi Corporation Retirees.

**Reasons for Objections:**

1. No previous warnings to active retirees .
2. First notice of such action February 5, 2009 allows only 12 days filing our objections.
3. Investigate other avenues to restructure that involve equal participation between hourly & salary (active and retired) employees, not just a suspension of the merit / bonus programs.

This action by Delphi leaves little time to adjust to a significant hardship. I personally find various comments in the February letter very disconcerting: For example

On Page 1 The last paragraph. "If the amount of your pension check is less than your premium, then you must submit a payment through a monthly billing process".

On page 2 third paragraph "Additionally, if you discontinue coverage for any reason (e.g., non -payment, **late payment**) Health Care coverages will not be reinstated"

With the current state of the economy, cost of living increases, savings devastated by 40% to 50%, can it be that, eliminating retiree's health care is the only option? As a 36 year employee of Delphi / GM, I ask that you reject this motion and look for a way to have all stakeholders share in the solution.

Sincerely
